

CLIENT CONSENT & PERMIT FORM FOR PERMANENT / SEMI-PERMANENT COSMETICS

Licensed/Certified PMU Technician Andrea O'Donnell, 2nd Skin Studio, 9795 Village Place Blvd, Studio #15, Brighton MI 48116

****PLEASE READ THIS FORM IN IT'S ENTIRETY, SIGN AND BRING WITH YOU TO YOUR APPOINTMENT****

- I understand that I will have permanent and/or semi-permanent cosmetic (referred to on this form as PMU/SPMU) makeup applied using appropriate instruments and sterilizing techniques, that the highest standards of hygiene are met before, during and after the procedure, and that sterile and/or disposable tools and pigment containers are used for each individual client, procedure and visit.
- If any unforeseen condition arises in the course of the PMU/SPMU procedure, I authorize my technician, Andrea O'Donnell, to use her professional judgment in deciding upon what action she feels is necessary in the given circumstances, and I give my consent with my physicians for medical information required/related to the safety of my PMU/SPMU procedures.
- I accept the responsibility for determining and agreeing to the color, shape and position of the PMU/SPMU procedure as agreed upon during the consultation.
- I understand that an allergy test does not guarantee that I will not develop an allergic reaction to the pigment or the anesthesia
- I fully understand and accept that non-toxic pigments are used during the procedure and that the results will fade over time. Color results and longevity can **not** be guaranteed, and even once the color fades, some trace pigment may stay in the skin indefinitely. I have been advised that annual touch-ups are encouraged to maintain the integrity of the color. No representations have been made to me as to the ability to later restore the skin involved in my PMU/SPMU procedure to it's original condition, and I am aware that it can be costly to remove.
- I have been advised that the true healed color will be visible 1 month after each procedure, and that the pigment may vary according to skin tones, skin type, ethnicity, age, lifestyle, post-procedure care, and general skin condition. I understand that some skin types accept pigment more readily, and no guarantee on exact color results can be given. I understand and accept that each procedure is a process that may require multiple applications of pigment to achieve desired results, and that 100% success cannot be guaranteed from the first procedure, and that I may have to return for a repeated procedure to achieve my desired results.
- The results of any PMU/SPMU procedure is determined by the following factors: medication, skin types/characteristics (dry, oily, sun damaged, thick, thin) Ethnicity, Personal PH Balance, Alcohol intake, smoking, medical conditions (known and unknown) and post-procedure after care. It is not an exact science, and results can not be guaranteed.
- Upon completion of the procedure there may be some swelling and redness of the skin, which will subside in 1-4 days. In some cases bruising may occur. I may resume normal activities following the procedure, however, using cosmetics, excessive perspiration, and sun exposure should be limited until the skin has fully healed. I know to refer to the after care card for more details.
- I agree to follow all pre and post procedure instructions provided and explained to me by the technician. I can confirm that I received a copy of the after care instructions.
- I acknowledge that my skin is vulnerable to infection directly after a PMU/SPMU application, and I am to contact my primary physician if signs of infection are present.
- I understand that positioning of my PMU/SPMU procedure(s) can be affected if I elect to have cosmetic surgery, Botox, Restalyne, Juvederm, or other cosmetic or surgical procedures.
- I am aware that if I am to have an MRI after the procedure, I must tell the radiologist that I have iron oxide permanent cosmetics. If I am a contact lens wearer, I realize that I must keep my lenses out on the day of a PMU eyeliner procedure.

- I am aware that PMU/SPMU lip procedures may aggravate or trigger cold sores in those susceptible to them, and if I have ever had a cold sore in my life, I have been advised as of this moment that I should begin taking the appropriate medication a couple days in advance, or as soon as possible after the procedure in order to avoid a cold sore breakout.
- I understand that laser procedures and Intense Pulse Lights (IPLs) may turn permanent lip color dark, or even black.
- I agree to accompany my technician to the emergency room in the event that she is accidentally stuck with my needle, take a blood test for their safety, and disclose all test results to my technician.
- If I have had permanent cosmetics performed previously by another technician, I will not hold Andrea O'Donnell responsible for any undesirable or unexpected results, allergic reactions, or any other contraindications following this or any future procedures performed by Andrea O'Donnell.
- To my knowledge I do not have and physical, mental, or medical impairment or disability that might affect my well being as a direct or indirect result of my decision to have the PMU/SPMU procedure performed at this time.
- I am aware that permanent cosmetic inks, dyes, and pigments have not been approved by the United States Federal Food and Drug Administration, and that the immediate and/or long-term health consequences of using these products is unknown.
- I consent to the taking of before and after photos for the purpose of record keeping & documentation required by the technician's insurance company, as well as for educational and advertising purposes. I am 18 years of age or older, not pregnant or nursing, do not have Hepatitis, HIV/AIDS, and am not under the influence of any drug or alcohol at this time.
